Recommendation: this Fund may not be appropriate for investors who plan to withdraw their money within 7 years.

Risk and reward profile

This indicator represents the annual historical volatility of the Fund over a 5-year period.

Risk Category 6 reflects very high potential gains and/or losses for the portfolio. This is due to investments in equities on Eastern European, Middle East & African Stock Markets.

Historical data such as that used to calculate the synthetic indicator cannot be considered as a reliable indication of the Fund's future risk profile.

The risk category associated with the Fund is not guaranteed and may change over time.

The lowest risk category does not mean "risk free".

Your initial investment is not guaranteed.

Significant risk(s) for the Fund not taken into account in this indicator include the following:

Risks linked to emerging markets: The Fund invests in developing overseas markets which carry a higher risk than investing in larger established markets. Investments in emerging markets are likely to experience greater rises and falls in value and may suffer trading problems.

Emerging market risk: A Fund which invests in emerging markets rather than more developed countries may encounter difficulties when buying and selling investments. Emerging markets are also more likely to experience political uncertainty and investments held in these countries may not have the same protection as those held in more developed countries.

Liquidity risk: Liquidity risk exists when particular investments are difficult to purchase or sell. This can reduce the Fund's returns because the Fund may be unable to transact at advantageous times or prices.

Financial, economic and political risks: Financial instruments are impacted by various factors, of which, without being exhaustive, the development of the financial market, the economic development of issuers who are themselves affected by the general world economic situation as well as economic and political conditions prevailing in each country.

For a comprehensive description of the risks, please see the "Risk factors" section of the prospectus.
