## What is this product?

### Type

- This product is a class of units of the Sub-Fund and is denominated in EUR. The Fund is an open-ended undertaking for collective investment (*Fonds Commun de Placement* or "FCP") and qualifies as an Undertaking for Collective Investment in Transferable Securities ("UCITS"), subject to Part I of the Luxembourg law of 17 December 2010 relating to Undertakings for Collective Investment ("Investment Fund Law"), transposing Directive 2009/65/EC related to UCITS.
- As an investment fund, the return of the Sub-Fund depends on the performance of its underlying assets.

### Objectives

#### Investment objective:

- The objective of the Sub-Fund is to achieve capital appreciation by investing two third of its assets in mid and long term investment grade bonds, traded on the Euroland financial markets, and issued by corporates or by European national governments, European governments agencies and supranational organisations located in Europe.

#### Investment policy:

- The Sub-Fund is actively managed in reference to the benchmark ICE BofAML Euro Broad Market Index (EUR unhedged) (the "Benchmark"). For the construction of the portfolio, the Benchmark serves as reference in terms of overall exposure to risk factors including country, interest rate and credit position. Amplitude of deviations from the Benchmark varies depending on the degree of conviction of the investment manager.
- Bonds denominated in EUR and issued by non Euroland issuers are as well permitted. The Sub-Fund will not invest in ABS or MBS. The remaining portion of the assets may be invested in others type of bonds (such as but not limited to convertible bonds, warrant on financial instruments, zero coupon bonds).
- Financial techniques and instruments for hedging and/or non-hedging purposes may be used.

- Given the above investment objective and policy and the risk and reward profile of the product, the recommended holding period is 2 years.

**Subscription and Redemption:** Investors can buy or sell units of the Sub-Fund every day which is a bank business day in Luxembourg ("Business Day").

**Distribution Policy:** Income generated by the Sub-Fund is reinvested and included in the value of units.
