Obiettivo 2018, a compartment of NEF

Class: D (Distribution) LU1060814842

NEF is an umbrella and multi manager Fund managed by Nord Est Asset Management S.A.

Objectives and investment policy

The Fund's investment decisions are made on a discretionary basis. The Fund invests mainly in bonds maturing by December 2018. The bonds will be a combination of high yielding sub investment grade and investment grade bonds issued by governments and companies.

Financial techniques and instruments for hedging and/or non hedging purposes may be used.

The Fund aims to pay out a dividend normally on the first Business day of June and December.

Once launched, the Fund will be closed to all subscriptions and switches in (but not to redemptions and switches out which will be subject to a redemption or switching fee).

The Fund suits an investor that is willing to stay invested until the maturity date of the Fund.

This indicator represents the annual historical volatility of the Fund over a 5-year period.

Risk Category 4 reflects moderate potential gains and/or losses for the portfolio. This is due to investments in government bonds on the worldwide market.

Historical data such as that used to calculate the synthetic indicator cannot be considered as a reliable indication of the Fund's future risk profile.

The risk category associated with the Fund is not guaranteed and may change over time.

The lowest risk category does not mean "risk free".

Your initial investment is not guaranteed.

Significant risk(s) for the Fund not taken into account in this indicator include the following:

Financial, economic and political risks: Financial instruments are impacted by various factors, of which, without being exhaustive, the development of the financial market, the economic development of issuers who are themselves affected by the general world economic situation as well as economic and political conditions prevailing in each country.

"High yield" bonds risk: The Fund will invest in sub-investment grade bonds. These bonds may produce a higher level of income than investment grade bonds but at a higher risk to your capital.

For a comprehensive description of the risks, please see the "Risk factors" section of the prospectus.

Charges

The charges and commissions are used to cover the Fund's operating costs, including marketing and distribution of units. These charges reduce the potential growth of your investment.

One-off charges taken before or after you invest	
Entry charge	None
Exit charge	2.00% the two first years and then 1.00% for the remaining term
Any charges shown are the maximum that might be taken out of your money before it is invested.	
Charges taken from the Fund over a year	
Ongoing charges	0.76%
Charges taken from the Fund under specific conditions	
Performance fee	None

The entry and exit charges shown are maximum rates. In certain cases, the charges paid may be lower.

Ongoing charges are based on the charges for the previous year, ending on 31 December 2016. This percentage may vary from year to year. It excludes outperformance charges and intermediation charges, with the exception of entry and exit charges paid by the Fund when it buys or sells shares of another Fund.

For more information about Fund charges, please refer to the relevant sections of the prospectus, which is available at www.neam.lu.
