What is this product?

Type

- This product is a class of units of the Sub-Fund and is denominated in EUR. The Fund is an open-ended undertaking for collective investment (*Fonds Commun de Placement* or "FCP") and qualifies as an Undertaking for Collective Investment in Transferable Securities ("UCITS"), subject to Part I of the Luxembourg law of 17 December 2010 relating to Undertakings for Collective Investment ("Investment Fund Law"), transposing Directive 2009/65/EC related to UCITS.
- As an investment fund, the return of the Sub-Fund depends on the performance of its underlying assets.

Objectives

Investment objective:

- The objective of the Sub-Fund is to achieve long term capital appreciation, through a combination of capital growth and income, by investing primarily in a portfolio of emerging market equities (excluding China).

Investment policy:

- The Sub-Fund is actively managed in reference to the benchmark MSCI Emerging Markets ex China Index (EUR unhedged) (the "Benchmark"). The Benchmark is not replicated; it merely serves as a starting point for investment decisions. The investment manager seeks to outperform the Benchmark. The composition of the Sub-Fund and its performance may positively or negatively deviate significantly from the Benchmark.
- The Sub-Fund is an equity-oriented Sub-Fund. Assets of the portfolio may be invested in equity related securities, such as American Depositary Receipts.
- The Sub-Fund may be exposed, on an ancillary basis, to money market instruments and/or money market funds for treasury purposes.
- In accordance with article 7 (1) of SFDR, the principal adverse impacts on sustainability factors are not considered as the investment strategy does not pursue environmental or social characteristics and does not have sustainable investments as its investment objective.
- Given the above investment objective and policy and the risk and reward profile of the product, the recommended holding period is 4 years.

Subscription and Redemption: Investors can buy or sell units of the Sub-Fund every day which is a bank business day in Luxembourg ("Business Day").

Distribution Policy: Income generated by the Sub-Fund is reinvested and included in the value of units.

Intended investor

Category I will be available for a) "professional clients" as defined by Annex II, section 1 of Directive 2014/65/EU of the European Parliament and of the Council of 15 May 2014 ("MIFID II"), even when acting on behalf of their customers in the provision of services and investment activities (e.g. portfolio management); b) the representative associations of the entities under point a); c) foundations; d) public bodies; e) public administrations; f) social security institutions; g) holding companies (i.e. companies that own the assets of other subsidiaries and their sole function is to carry out technical-financial coordination activities of the subsidiaries and do not produce nor exchange any goods and / or services).
